21 Jobs of the Future (Midhusa Mohan, Outreach Strategist)
Tuesday 5th October 2021, 11:00AM – 12:00PM

Based on a study done by Cognizant's Centre for the Future of Works in 2018 of 21 jobs that'll come into being over the next 10 years. The session looks at some of these jobs, the role of AI in them and the skills you'll need to take them up.

It's both an information and discussion-led session so we'll introduce a topic and ask the students what they think it means and their thoughts on it.

Interview Skills: You Have Experience & Don't Even Know It (Daniel King, Talent Partner)
Wednesday 6th October 2021, 11:00AM – 12:00PM

Plot twist - you don't need pages and pages of experience to be hired. A motivational and informative session busting interview myths and offering tips on how to handle one. The session is being led by one of Zone Digital's Talent Partners, so students will be able to get an insider-perspective.
